Evaluation: For this course there will be several in class and out of class papers, midterm, a final project and final exam. For the final project, you will be required do a presentation on a topic to be announced in class. Presentations are in a group format. Your group's topic must be approved before you begin. Presentations will be at the end of the semester. Details about the project will be announced in class

Grades are determined based on the papers, exams and final project. In addition, attendance, participation & HW will increase or decrease your final grade.

The format of the exams may consist of multiple choice, matching, short answer; fill in the blank, short essays and/or true/false. **There will be no makeup for the midterm or final exam.**

GRADING
Grades are determined as follows:
Midterm  33%, Final 33% & Final Presentation 33%
Homework, attendance & participation will increase or decrease your final grade.
