COURSE DESCRIPTION

This course is an introduction to the anthropological study of religion and will focus upon phenomena that may be categorized broadly as “religion” and the closely related concept “supernatural”. It is not a theology course but examines and analyzes the way religion is practiced and performed in diverse societies through reviewing central aspects of religion, such as mythology, symbolism, ritual, religious specialists, gods and spirits, witchcraft, and magic. This course will approach these topics from the perspective of anthropology. The course begins with an overview of anthropological approaches and theoretical contributions to the study of religion. We will look at the role religion plays in everyday life via reviewing topics such as sickness, death, and uncertainty. The course ends with an examination of religious change and movements.

Student Learning Objectives and Outcomes

By the end of this course students will be able to:

- Understand the culturally informed and quite diverse imaginations about the supernatural world and supernatural forces in different societal contexts, from the post-industrial global north (Western Europe and North America), to the BRIC countries, and so-called traditional societies in Africa, the Americas, Asia, and Australia.
- Better understand the linkages and non-hierarchically determining differences among distinct human beliefs, from more or less complex religious systems, about magic and witchcraft, superstition, sorcery and mysticism.
- Understand the links that exist, differently in different societies, between spirituality, religious beliefs, and conviction of the existence of supernatural forces on one side and other aspects of societies including health care.
- Be able to contextualize their own religious beliefs, spirituality, and/or lack thereof thanks to a better understanding of beliefs they are unfamiliar with.
- Be a better world citizen by understanding the existence of different ways of being human, of being spiritual and religious or atheist.
- Describe the nature of anthropological fieldwork and contrast its methodology with that of other disciplines.
- Explain how terms such as “culture” and “religion” are defined in anthropology.
- Explain and differentiate between different theoretical approaches to the study of religion.
- Explain the concept of ritual and categorize different types of ritual.
- Compare and contrast different types of religious specialists.
- Explain altered states of consciousness and describe the role they play in religious experiences.
- Differentiate between various types of supernatural entities including gods, spirits, souls, ghosts, and ancestors.

GL STUDENT LEARNING OUTCOMES

By the end of this course, students will be able to:

- Demonstrate an understanding of the historical and contemporary inter-relatedness of key local, regional and global religious and spiritual issues and events, including beliefs in magic, witchcraft, sorcery and various kinds of superstitions. (GLOBAL AWARENESS)
- Demonstrate the ability to compose an analysis of various perspectives associated with different culturally-based conceptualizations of the supernatural world and their attendant practices and rituals, which can also be linked to different geographic locations on the global stage. (GLOBAL PERSPECTIVE)
- Willingly better engage in a number of problem solving activities in a variety of sociocultural contexts around the globe. (GLOBAL ENGAGEMENT)

TEXTBOOK (REQUIRED)

CHECK CANVAS FOR ADDITIONAL READINGS AND REQUIRED WORK FOR EACH WEEK!

YOU ARE REQUIRED TO READ ASSIGNED READINGS AND COMPLETE REQUIRED WORK PRIOR TO CLASS. THE SUCCESS IN CLASS WILL DEPEND ON YOUR COMPLETION OF THESE ASSIGNED WORKS.

CANVAS: Additional Readings, Requirements, Course Slides, Project Guidelines, Citation Guidelines will be on CANVAS. You will also use CANVAS to submit your weekly in-class activities and assignments.

Login via <http://canvas.fiu.edu/login/> and check that you can access the course website. If you encounter any technical problems, then call UTS at 305.348.2284 or go to Green Library Rm. 150.

CLASS STRUCTURE

This is not a lecture course though I will present some content each week; it utilizes Team-Based Learning (TBL). Most probably you have never been in a course using TBL so please read carefully: TBL has you prepare for classes by doing preparation work outside of class and applying it inside of class. Do not expect the professor to lecture much; instead most class time will involve applying and enhancing knowledge through in-class team projects. Don't confuse teams with groups. You will learn the difference; for now, please do not think this will be a class with group projects. To repeat, you are expected to get exposure to the course content prior to class, will be quizzed on your understanding of this content prior to class and in class, and then you'll spend most class time applying this information via short in-class projects with your team. You will be assessed for both your individual and teamwork – see grading criteria below.

Learning is not the same as reading, watching etc. Research shows that it takes most people several exposures to learn new content. This is the main reason why in this course you start learning material through the required preparation work, then apply the content in class and then you are assessed in different ways. This approach helps knowledge and critical thinking “stick” but it may seem strange to you at first.

COURSE REQUIREMENTS

This course will use mixed teaching and learning methods to better accommodate particularities of students. We will have individual, group, and team-based projects and evaluations.

GRADING

1. Individual Readiness Assurance Tests (iRATs)	15%	(taken prior to class on CANVAS)
2. In-Class Activities	15%	(completed in class w team, CANVAS)
3. In-Class Team Presentation/Participation	10%	(in-class)
4. Individual Assignments	20%	(completed prior to class, CANVAS)
5. Beyond My Cultural Comfort Project	20%	(outside class assignment, CANVAS)
6. Final Exam	20%	(outside class assignment, CANVAS)
TOTAL	100%	

The cut-off points (as a percentage) for all work will be:

93 A, 90 A-, 87 B+, 83 B, 80 B-, 77 C+, 73 C, 70 C-, 67 D+, 63 D, 60 D-.

1. INDIVIDUAL (ONLINE) READINESS ASSURANCE TESTS (15%)

Individual Readiness Assurance Tests (iRATs) are short multiple choice, True/false, and/or short answer quizzes on the week's content that you will be taken individually (iRAT), online before class. Quiz dates will be indicated on Syllabus and on CANVAS. No make-up allowed for these quizzes. Even if you are not planning to attend the lecture, you are required to take the quiz (iRAT) online before class time. However, if it is a documented excuse (doctor's note, religious observance, etc.), then you will be allowed to make up a quiz or the quiz will be waived.

2. IN-CLASS ACTIVITIES (15% OF GRADE): TEAM-BASED- COMPLETED IN CLASS

The weekly class sessions are a main source of learning for the course. Please arrive class on time and plan to stay for the entire session. There will be multiple activities during class sessions throughout the semester. These may include short reflections, film viewing guides, and other team-based activities. No make-up or late assignments will be accepted. Missing more than one team activity will have a negative effect on your grade in the class. You will mostly work in teams to complete in-class activities. You will be assigned to permanent teams during the second week of the semester. At the end of the semester, you will assess your team members' individual performances. Your team grade will be calculated based on points collected as a team, your team performance, my evaluation of your team performance, presentation & participation grade, and attendance. Each team member will receive an individual team grade based on these factors. Each assignment will be completed in class and will be submitted on CANVAS during class time. (Global Awareness, Global Perspective, Global Engagement)

3. IN-CLASS TEAM PRESENTATION and PARTICIPATION GRADE (10% OF GRADE)

Each week teams will present their work that they complete during class time to other teams. Be ready to present your in-class team activity/discussions to class. I will ask different teams to present each week. In addition, you will be required to participate in class discussions. Some team members would volunteer to share their team's perspective/votes on certain issues. You have to choose a different volunteer each time. You will earn 10% by only presenting your work to others in addition to participating in in-class discussions. Your attendance is another factor that would affect your team presentation, participation, and attendance grade. Arriving late might affect your team grade in addition to presentation and participation grade. (Global Awareness, Global Perspective)

4. INDIVIDUAL WEEKLY ASSIGNMENTS (20%)

After you complete the required work for each week, you will be asked to complete a short assignment on the weekly topic. You will submit it via CANVAS by class time. In addition, you will

print and bring your report to class with you. If you have access to your work online, you do not need to print it and bring it to class with you. (Global Awareness, Global Perspective)

5. BEYOND MY CULTURAL COMFORTS PROJECT (20%)

For this individual project students are required to write a term paper (7-8 pages) that will be based on both library research and brief fieldwork conducted in at least one South Florida religious or spiritual community to which the students don't belong. Further guidelines for this project can be found on CANVAS. (Global Awareness, Global Perspective, and Global Engagement)

6. FINAL EXAM (20%)- ONLINE

Final Exam is a multiple-choice exam. You will take it online during finals week. It is a timed test. It will test your overall understanding/learning in the course. It will not be based on memorization. It will be based on your individual assignments, team activities/discussions, and key learning points in the course. You can find the detailed guidelines and exam review on CANVAS.

GENERAL CLASS POLICIES

- 1. Attendance:** You may have one absence and you may be tardy once per semester without penalty. Any absence or tardy beyond one will result in you being marked down by two points in the overall class. Any absence or tardy beyond two will result in you being marked down by four to five points in the overall class. If you need to miss a class due to illness (medical doctor's note), religious observances or team participation (official paper work) you must notify me before class. I will accommodate legitimate, verifiable cases of illness and emergencies in addition to religious holy days (two-weeks in advance notice).

MISSING MORE THAN ONE CLASS WITHOUT AN OFFICIAL EXCUSE WILL BRING YOUR OVERALL GRADE DOWN 2 POINTS PER CLASS MISSED.

- 2. Conduct in the Classroom:** Students are expected to treat the professor and other students with dignity and respect, especially in cases where a diversity of opinion arises. If students disrupt the learning process or act in a disrespectful and/or threatening behavior toward the professor or other students in class, they will be asked to leave the class. However, if the same student continues engaging in disruptive behavior, they will be subjected to disciplinary action, including removal from the course.
- 3. Electronics Policy:** Note that use of cell phones, computers, or any other devices during class other than team assignments will result in student being marked absent and receiving the two to five-point grade penalty. You will first be given a yellow card as a warning. If you continue, then you will be given a red card which shows that you are marked as absent.
- 4. Joining a Team:** Each team will have 5 students in it. During week 1 and 2, I will explain how to form a team and enroll in your team on CANVAS. During Week 1, you will be working in a temporary team. You are required to join your team on CANVAS to receive grades for your team assignments. At the end of the semester, you will evaluate your team member's individual performances.
- 5. Tardiness:** Assignments received after the deadline will lose 1/2 or 1 grade; one week and over 1 full grade or more. Only 3 late work accepted.
- 6. Plagiarism/Academic Honesty:** As an FIU student, you are always expected to abide by university's policies particularly those governing academic honesty and plagiarism as they appear in the FIU Student Handbook. If you are not familiar with how to avoid plagiarism, you will receive some instruction and additional guidelines in this course. In sum, should anything you/your team produces

cite any data, research or information that you have not generated and which is not general knowledge then you must cite it appropriately following one of the disciplinary conventions of the academic disciplines represented by the faculty teaching this course. More information about citation formatting will be given to you via Blackboard. Please become completely familiar with bibliographic styles and citation conventions. If you do not cite others' work adequately you can be accused of plagiarism and FIU takes these accusations very seriously. Several of your written assignments will be submitted using Turnitin.com to check your work for plagiarism. Finally, I reserve the right to alter the syllabus as needed. You will be notified of any changes.

- 7. Academic Conduct:** Florida International University is a community dedicated to generating and imparting knowledge through excellent teaching and research, the rigorous and respectful exchange of ideas, and community service. All students should respect the right of others to have an equitable opportunity to learn and to honestly demonstrate the quality of their learning. Therefore, all students are expected to adhere to a standard of academic conduct, which demonstrates respect for themselves, their fellow students, and the educational mission of the University. All students are deemed by the University to understand that if they are found responsible for academic misconduct, they will be subject to the Academic Misconduct procedures and sanctions, as outlined in the Student Handbook.

CANVAS - My Grades: Check your grades periodically. It is your responsibility to check your grades on CANVAS and inform us on missing grades/assignments before the semester ends. **DO NOT EMAIL US AFTER FINAL GRADES ASSIGNED ABOUT MISSING GRADES!!!**

Special Needs Students: Please notify the faculty prior to or immediately upon commencement of this course about your accommodation needs as in accordance with FIU policy. You will be accommodated accordingly.

This **syllabus** is **subject to change** at the discretion of the faculty. Students will be notified of such changes ahead of time via email.
